How to Play (2 - 4 Players)

Begin by choosing a player to go first (player 1). Another player takes a *T. rex* Trivia Card from the top of the deck and reads the question out loud to player 1.

If player 1 answers the *T. rex* Trivia question incorrectly, the card goes to the bottom of the deck and it is now player 2's turn.

If player 1 answers the question correctly, he/she then grasps the Excavation Tool and attempts to remove the bone on that card from the Excavation Site without touching the sides of the bone pit. If successful, player 1 keeps the bone and the card. If he/she fails and the mighty *T. rex* roars, the bone goes back into the pit, the card goes to the bottom of the deck and it's player 2's turn.

Play continues until all of the *T. rex* bones and the egg have been successfully removed from the Excavation Site. The more difficult the bone is to remove, the higher the point value. At the end of the game, each player counts how many points they have. The player who successfully earns the most points from the excavation site is the winner!

How To Play (1 Player)

Challenge yourself to successfully remove each bone and egg from the Excavation Site. Time yourself and try and beat your best time!
